Brass Book Binding Screws Brass Binding posts binder sets Nickel plated Brass Book Binding Screw posts

We are manufacturers suppliers of high quality fluted and plain Brass Binding screws Binding posts binder sets male female screws for book binding menus folders presentations and files. Screw posts are commonly used in bookbinding for making books where pages are to be interchanged. They are commonly used as a binding mechanism for loose pages in photo albums, sample books, menus, wine lists, and much more. Screw posts are also sometimes referred to as Chicago posts.

Brass binding screws are ideal for making swatches, brochures, albums and menus. They are simple to use, punch a 6mm hole in the product, insert the base through the hole and put in the screw. Easy to undo if you need to change anything. Binding screw sizes are from 2mm to 50mm. Sold in packs of 100 or 1000. These particular screw posts are machined in Jamnagar factory India from solid brass and are much more elegant and finely finished than their aluminum equivalents. Both the male and female sections have slotted flat ends to allow for tightening at either end.

All posts have a shaft of 5mm in diameter and a head diameter of 10mm

Threads: 3.5mm and 4mm diameter

Lengths: 2mm, 3mm, 4mm, 5mm, 6mm, 8mm, 10mm, 12mm, 15mm, 20mm, 30mm, 40mm, 50mm, 60mm

Material: high Quality solid Brass rods
